

WORK EXPERIENCE

⦿ VOPAY (North Vancouver, BC) | 2017 - Present

Product Manager: I was asked to lead the product development team for a leading Vancouver-based FinTech company. My tasks revolved around some product design leadership, managing development tasks, and sorting out marketing and optimization research.

⦿ INTERSOG (Vancouver & Chicago) | 2015 - 2016

Product Director: I initially directed Intersog's DIGI117 app portfolio for a number of iOS and Android products ranging in the productivity, games and education categories. I was also responsible for staff, admin, marketing, project management, and UI/UX design tasks.

Project Manager: I then switched to new projects as a remote employee taking caring of multiple clients and projects for Intersog North America. This job required daily interfaces between clients and the Intersog development team to coordinate and organize our projects for Android, iOS, and web applications. We worked with a variety of clients across the tech, insurance and engineering fields.

⦿ WUNDR SOFTWARE INC (Vancouver, BC) | 2013 - 2014

Operations Manager: I was the Operations Manager at a small startup in Vancouver and was tasked to manage our team on a number of software projects for our ecosystem of digital self-publishing tools (web, mobile, and desktop). I was also the lead on the UI/UX design and marketing side.

⦿ E-CARD IDEXPERTS (Delta, BC) | 2011 - 2013

Marketing Manager: My role was to assist their sales and marketing efforts by managing and producing all of the needs for graphic design, marketing, and web development. I had build out a sophisticated eCommerce website for their storefront and took care of all brand-related design and analytics for their digital efforts. I also helped steer all of our digital marketing endeavours.

⦿ QUAD/GRAPHICS (Sussex, WI) | 2009 - 2011

Premedia/Technical Sales: As the Technical Sales Representative, I assisted the Sales teams when meeting with clients to provide knowledge and support for new projects or in any deployments and development of our custom software for clients along the west coast of North America. I also assisted in Project Management with our Montreal based Software Development team.

EDUCATION

⦿ KWANTLEN UNIVERSITY (Richmond, BC) | 2001 - 2003

Diploma of Journalism: I specialized in desktop publishing, typography, copywriting, photography and design during my diploma. I also took part in a number of extracurricular projects such as school newspapers, photo assignments, political reporting, and team leadership.

⦿ COMP-TIA | 2009

A++ Certification: Completed the A++ certification with an excellent test score to continue into technical development and IT operations.

⦿ SCRUM ALLIANCE | 2016

ScrumMaster Certification: Completed my ScrumMaster Certificate in 2016.

⦿ PMI | 2016 - Present

PMP certification: Currently pursuing my PMP certification with the Project Management Institute (PMI).
